

# THE STARLIGHT PINES

**THE STARLIGHT PINES** is a dark folk rock band from Vancouver, BC. The band is comprised of songwriter Jordan Mitchell (vocals, guitar), Gerilee McBride (drums), Gavin Smith (bass), and Jenna Dunsby (keyboardist). Jesse Gander (engineer on the album) also plays synthesizer and keys on several tracks of their 2018 release, **CITY LIGHTS**.

**CITY LIGHTS** is a moody and driving album that is a reflection of that liminal space that exists between the teenage and young adult years—that space of feelings that is evoked by leaving a small town and moving to the big city.
